

# Diversion Map-London Road, Buntingford

(Phase B: 14 January to late January 2023)

London Road/Station Road will be closed to traffic in both directions to ensure that the works are completed as quickly as possible. Sets of two-way traffic signals will facilitate resident and business access to adjoining roads on either side of the closure. You can find out more below and online at [www.hertfordshire.gov.uk/activetravelfund](http://www.hertfordshire.gov.uk/activetravelfund)

There will be disruption to bus services during each phase of the works. Information will be published on the Intalink website: [www.intalink.org.uk/service-updates](http://www.intalink.org.uk/service-updates). Details will also be displayed on physical notices at all relevant bus stops.
