Dear Resident,

We are writing to inform you of essential works scheduled to take place on Aspenden Road. This will result in the installation of new traffic control system to provide a safer vehicular access across the existing road narrowing.

From 5th January 2026, temporary traffic signals will be in operation to manage vehicle flow safely. These lights will remain in situ for the duration of the works and that standard working hours will apply on weekdays, with limited weekend working.

The Temporary Traffic Lights will remain in place until the 3rd March where we will move to a week of night closures which will commence from 8pm-5am. Access through Aspenden Road, industrial estate and into Abrahams Drive will not be affected during this period.

All being well works should be completed on the 10th March 2025. Throughout the works, every effort will be made to minimise inconvenience and ensure the safety of both residents and road users.

We appreciate your patience and understanding while these important works are undertaken.

Kind regards,
Robert Johnston
